Come and join us as we review and learn more about airport operations. This special Safety Seminar may help you avoid making a critical mistake. Signs, markings and effective communications at both towered and non-towered airports are just a few of the topics that will be presented. Don't miss out on this important Safety Seminar!!

*Directions:* Event is in the Cirrus Aircraft Design Delivery Bay at the Cirrus Main Plant at the Duluth International Airport

*Message from the National FAASafety Team Manager:*

**FAASafety Team CFI Workshops start this Fall. Watch for them in SPANS...**
